On the AH3, absence from the State is no excuse for not setting a run, as Squid found out when he was extradited from Victoria to set his run. Bringing along a few friends from the snow-fields, he not only managed to attract a staggering 11 runners, but also managed to halve the average age of the pack for this week's run.

With the run starting from Noritake, we were soon heading towards Grenfell Road for the first check on the corner. Trail was quickly found to the left and took us up through the older parts of Wynn Vale before coming out close to the High School and Colleges.

Despite the pace set by Little D*ickus and Kreme Puff, many of the runners were slowed down by the eggs that they were forced to carry on the run. Local residents were more than a little surprised to see the runners gathered at the checks, cautiously hanging on to their eggs.

Some good checks ensured that the pack was kept together, despite Condom's best efforts at losing the tail end of the pack. Obviously the fine art of short-cutting has not been perfected during his 555 runs to date!

After touring Wynn Vale, it was a long down-hill run along Jubilee Drive, before once again crossing Grenfell Road. After a short uphill stint, we were soon back at the trailer; enthusiastically queuing up for a well deserved Coopers. Unfortunately, the wheels had fallen off of the National Temprite Subsidy Scheme, with the roof of the trailer becoming electrified and, worse still, the beer pouring out as a warm froth.

Despite risking limb, life and electrocution, Elf, Sp*oof and Moped took the necessary steps to ensure that we would have enough beer to get us through the circle. With adequate refreshments in place, were able to adequately punish the numerous sinners, including the ex-Minister for Temprite Subsidies, as well as welcome our Victorian visitors to the AH3.

Many thanks to the hare for a memorable evening. Perhaps we should extradite Squid back to Adelaide more often!

The walking group headed on out in the direction of the pub turning left onto Derby Street and right down the hill towards the creek. Here the seas parted and FWB's, Stinky and Kaboobie skipped off for their own meander in the bush together, leaving a questioning gathering of BWB's to turn right, adverting the scenes that flashed before their innocent eyes, and continuing along Kingfishers Drive.Suddenly at the sight of DH and TL tearing up the road in DH's caboose for a late sign on, Stikkimuff dropped her Allen key! Collecting it with great hast, comment passed that she better not lose that, it's the key to some very special 'tools'!! Conversation was haplessly diverted when we learned that this could be the key to her heart thru her vibrator not her ' earmuffs' as first thought - not! Contemplating ideas on how to keep it charged with Stikkimuff's demand whilst on the big seas of the world's oceans, many ideas were discussed on how this could be achieved?? The best, most effective and economical idea voted upon thou was to attach it to the cat, on the treadmill, on the deck, in a lightning storm. Ride the night away Stikki! Cman could sleep peacefully knowing Stikki was being looked after, his tools well worn from the active hours upon deck!! So all in all a satisfied crew! The packed wandered up Kestral Way, dry in the mouth but moist in parts no one would discuss after the recent conversation, right onto Plover Avenue.... souring at the site of locals watering their front yard with the cool, cold, sacred ale in hand.... A short march up the hill at Noritake saw them all home and straight to their own BEER or the almighty savour some PUNCH

This man had what he thought was the best tattoo in the world

UNTIL HE WENT TO PRISON

This is an actual extract from a sex education school textbook for girls, printed in the early 60's in the UK and explains why the world was much happier and peaceful then...!

"When retiring to the bedroom, prepare yourself for bed as promptly as possible. Whilst feminine hygiene is of the utmost importance, your tired husband does not want to queue for the bathroom, as he would have to do for his train. But remember to look your best when going to bed. Try to achieve a look that is welcoming without being obvious. If you need to apply face-cream or hair-rollers wait until he is asleep as this can be shocking to a man last thing at night. When it comes to the possibility of intimate relations with your husband it

is important to remember your marriage vows and in particular your commitment to obey him.

If he feels that he needs to sleep immediately then so be it. In all things be led by your husband's wishes; do not pressure him in any way to stimulate intimacy. Should your husband suggest congress then agree humbly all the while being mindful that a man's satisfaction is more important than a woman's. When he reaches his moment of fulfilment a small moan from yourself is encouraging to him and quite sufficient to indicate any enjoyment that you may have had.

Should your husband suggest any of the more unusual practices be obedient and uncomplaining but register any reluctance by remaining silent. It is likely that your husband will then fall promptly asleep so adjust your clothing, freshen up and apply your night-time face and hair care products.

You may then set the alarm so that you can arise shortly before him in the morning. This will enable you to have his morning cup of tea ready when he awakes."
