Hash Trash 5th July 2010 - Run 1790

8 Clarence St Blackwood

18 Runners

Due to the very cold weather, the fire bucket was set alight to warm up the runners well before they left. As the small pack of runners set off on this very cold night, they were told: no hills, no lakes to cross, no fences to jump, no fields or oval to cross, no trains to be hit by and no local rape trail to worry about.....BUT the one thing that they weren't told, was there were HARDLY ANY ARROWS to follow!!

As they ran through Craighburn, trying to find the few arrows that were laid and with no sound of the horn, the pack seemed a bit lost. Not to be out done the runners tried to find a check to grab a well earned rest, but it appears the hares of the night misplaced the checks too.

As the walkers were lead of by Squeak, they did the cross fields and go cross country. There was too much temptation for two of the walkers, who preferred to stray and watch the talent of 20-30 young studs and go missing!!!

As the runners made it back for a well earned beer, the walking pack appear to be lost as the runners had made it home before the walkers, but the walkers appeared some 15 minutes later. Shit Run!!

With the RA a no show, there were rumours of a short circle by the GM, who was more than happy to fill in as acting RA.
