REMEMBER TO BRING ALONG A PUSH BIKE FOR THE BIATHLON RUN ON THE 22nd OF FEBUARY

HARES ARE NEEDED FOR RUNS SEE MUCK

ATTENTION ALL HARES

IT IS YOUR DUTY TO GET GINGER BEER & ICE, REMEMBER THAT HARES MOST IMPORTANT PLEASE. "GET IT COZ IT'S YOUR JOB"

ALSO, IF YOU HAVE A RUN CUMMING UP, DON'T FORGET TO MAKE ARRANGEMENTS TO COLLECT THE TRAILER FROM THE PREVIOUS RUN SITE. IF SOMEONE ELSE IS TOWING THE TRAILER FOR YOU, IT WOULD BE A GOOD GESTURE TO THROW THEM A SIX PACK

With temperatures in the high thirties, we could only hope that Black Box would go easy on us in this mostly hilly area.

With the run starting at 7.10pm sharp, it was pleasing to see a large number head off in the direction of the first check, despite the intense heat.

With the front-runners dashing around like headless chickens, the first checks were quickly broken. Unfortunately, in their enthusiasm, the front-running a*rseholes actually strayed on to the home trail before realising that home was just around the corner, and noticing that the “arras” seemed to be going backwards.

After getting back on the correct trail, we were soon being barbecued as we made our way to the heights of Auldana heading towards the promised views, and hopefully, a much anticipated p*iss stop.

As we slowly struggled up the hill, we were slowly passed by Full Stop’s yellow van, making its way to the now CERTAIN p*iss stop somewhere ahead. As we rounded the corner, the front-runners already had their noses in the trough and were making the most of the welcome p*iss stop.

With the runners, walkers, short-cutters and support crew enjoying the beverages from the mobile oasis, there was considerable reluctance to head down hill towards the bush area for the rest of the trail. As we headed up the ravine, however, a cunning back-check caught the front runners well and truly, instantly promoting the back runners and walkers to the front of the pack.

As Muck and Bigus explored the bee hives along the false trail, the rest of the pack took the opportunity to head back to the road and plan their strategy for the next part of the run. As the front-runners tore off up the hill, the rest of the pack patiently enjoyed the views, quietly waiting for the front running w*ankers to return from an unnecessary loop.

With a long downhill stretch taking us back in the direction of home, walkers, runners and SCB’s were quietly vying to head the pack. Half way down the hill, the trail once again offered options for runners and walkers, and once again sent the runners off a long loop to nowhere.

The final stretch of downhill saw the trail pass within 20 metres of the run site. For most of the pack the temptation was too much to overcome, and they were soon dipping in the esky to find out what was left from the p*iss stop. The conscientious runners were rewarded with an extra kilometre through the housing, before eventually cutting through the park back to the run-site.

With everyone back at the run site, there was general agreement that this had been a bloody well set run. Cunning use of back checks and false trails ensured that runners, walkers and SCB’s were kept together throughout the run. The views were indeed magnificent, particularly the view of the esky full of p*iss, sitting in the back of Full Stop’s wagon!

With plenty of guests, returnees, back from the deads, virgins and other transgressors, a long circle provided ample opportunity for Black Box to cook up a feast of chops and sausages, despite the pilfering assistance of Gravel Rash.

ON-ON Full Stop

A lady walked into a Police Station and the desk Sergeant said "Can I help you?"

"Yes" she said, "I'd like to report a case of sexual assault".

"Where did it happen?" the Sergeant asked.

"In the park just down the road" she replied.

"Can you describe what happened?"

"Yes, I was walking along the footpath in the park near the trees when a man jumped out of the bushes and dragged me in there, removed my underwear then he dropped his pants to his knees and had his way with me".

"Could you give me a description of him?"

"Yes, he was wearing white shoes, long white trousers, a white shirt and he had these two big long pads from his feet up to and over his knees, one on each leg".

"Sounds to me like he was a cricketer, most probably a batsman", said the Sergeant.

"Yes", said the lady, "He was an English Cricketer".

"That's very observant", said the Sergeant, "You worked that out from his accent?"

"No", she replied. "I worked it out because he wasn't in for very long
